

Explore360° joins Off Road Skills to go Wild in Wales

OFF ROAD SKILLS (ORS) – offroad training course:

Simon Pavey and his team have developed their own unique programme for each level of training that has been constantly refined to provide the best learning experience and most fun.

Off Road Skills provides off-road training unlike any other training facility. It's one of the original and best adventure bike schools in the world. Their acclaimed off-road courses have stood out for over a decade for one simple reason – they offer a structured training program that is designed to instil the basic techniques for every aspect of off road riding. The Off Road Skills training programmes aren't about being pushed in at the deep end, they are about building technique and confidence hand in hand.

Off Road Skills is based out of one of the UK's finest and most exclusive off road facilities; the spectacular 4000-acre *Walters Arena* in South Wales. Unique not only in its vast size, but also the variety of terrain and fantastic all weather abilities, Walters Arena is another reason that Off Road Skills stands out.

Training Levels:

Nowadays ORS has even 4 different levels. Level 1, 2, 2-*foundation* and 3. Level 2-*foundation* is new since 2017 and it's specifically designed for riders who have completed Level One and wish to progress to the skills taught on Level Two, but perhaps don't have the opportunity to practice off-road riding between level 1 and 2. You can watch more about the levels [here >>>](https://youtu.be/QW85kCRWAno) (<https://youtu.be/QW85kCRWAno>)

The tour is promises a good mix of curvy tarmac, fine gravel roads, green lanes and more challenging (forest) tracks including the iconic [Strata Florida](#). All guided by Simon Pavey and his team of instructors

The tour is suitable for all levels of experience, especially after the training, as we will split up into small groups (7-8 riders). Each group again on its own level.

The tour leads us through areas which special permits are needed for, and you won't find them on any tourist map. We'll stay in comfortable hotels and ride again on those trustworthy BMW GS'.

The temperature of course always varies. It can be anything between 10° and 25° Celsius. Because of the variety of the terrain that we encounter, it might be cold also during the day, especially when it's raining and windy.
